DETAILS OF A TERRIBLY FATAL EARTHQUAKE.

Railroad Irons Twisted and River Embankments Thrown Down-New Lake Formed at the Foot of Mountains-Great Fissures and Cracks Appear.

SAN FRANCISCO, Nov. 28 .- These details have been received of the Japan earthquake of October 28: The up and down trains on the Tokiado Railway centre e. disturbance, when the first shock occurred. The sheck was accompanied by a rumbling sound and was

People on trains thought a cellision had occurred. On looking out of the windows, however, they behald the station in ruins. Some of the passengers made their way into Flfu and found immense heaps of ruins.

Many houses had fallen, while others were so shattered that succeeding tremors of the earth threw them to the ground. In almost every house some unfortunate were diminished greatly by confiagrations in many places.

The railway line was too much damaged .o allow of the moving of trains, and passengers were accordingly compelled to make their way on foot to the

sures and landslides. The town of Kano was found to be fute, every dwelling being a mass of debris. Everywhere survivors were digging out the dead and wounded and fight-

ing againstconflagrations on all sides. At Ichinomya and Kiyosee the people managed to save a few mats and were preparing to pass the night in the fields. Throughout the day and night the work of carrying the wounded to Nogoya. proceeded, a continual stream of bearers passing along the railway, which was the only available route.

The inhabitants of the rained town say that the first sensation was that the houses were being shaken and then suddealy lowered two or three feet. In area about Gifu, showing that this town was the centre of the disturbance.

Very soon after the houses were thrown down and while hundreds of people were buried in the debris, fiames burst from the ruins of silk factory and in a short time spread to such an extent WASHINGTON, Nev. 25 .- A terrific that the citizens were compelled to desist wind and rain storm amounting to al- in their work of rescue.
